

THE WINGROU STORY :

We opened our doors in april 1999 as a manufacturer which saw a potential growth in grooved fittings. Today, we are privileged that our products are now in 25+ countries around the world.

THE WINGROU MISSION :

“To be a company that inspires and fulfils the needs of pipe installation”

OUR PRODUCTS:

We've always believed in producing the best products possible. It's our goal to produce products under the highest quality standards. Wingrou products include grooved couplings and fittings, valves, strainers, stainless steel, and Malleable Iron threaded Fittings. Wingrou delivers a complete array of grooved piping solutions for Fire Protection, Mechanical, HVAC, Commercial, Mining, Plumbing, and Industrial applications. Wingrou products include grooved couplings and fittings, valves, strainers, stainless steel, and Malleable Iron threaded Fittings.

TESTS DONE :

Vaccum Tests
Hydrostatic Strength Test
Air Leakage Test
Moment Test
Hot Gasket Test
Cold Gasket Test
Cycling Pressure Resistance(Water Hammer Test)
Friction loss Determination
Leakage Test – Assembly without Gasket Gasket
Torsion Test
Flexibility Test for Flexible Fittings
Seismic Evaluation
Lateral Displacement
